

ARTHUR C. VAILAS, PH.D.
BIOGRAPHICAL INFORMATION

PERSONAL

Name: Arthur C. Vailas
Marital status: Married 32 years to Laura I. Vailas
Child: Alexandra Vailas, age 21 years
Residence: [REDACTED]
Home telephone: [REDACTED]
Office address: University of Houston
Vice Chancellor/Vice President for Research
316 E. Cullen Building, Houston, TX 77204-2015
Office telephone: [REDACTED]
Office fax: [REDACTED]
Cell Phone: [REDACTED]
Office email: [REDACTED]
Home email: availas@sbcglobal.net

EDUCATIONAL HISTORY

1979-1982 Postdoctoral Fellow, University of Iowa, Department of Biochemistry
and Research Fellow of Orthopedic Surgery

1979 Doctor of Philosophy, University of Iowa

1973 Bachelor of Science, University of New Hampshire

EMPLOYMENT HISTORY

1998-present **University of Houston System and University of Houston**
Vice Chancellor and Vice President for Research and Intellectual
Property Management

2002-present Joint appointment as Professor in Mechanical Engineering, College of
Engineering and Biology and Biochemistry, College of Natural Sciences
and Mathematics, University of Houston.

1997-present **University of Houston, Main Campus**
Vice President for Research and Intellectual Property Management

- 1995 Vice Provost for Research and Graduate Studies
Professor and Distinguished Chair, Biology and Biochemistry (tenured faculty)
- 1994 **University of Wisconsin-Madison**
Associate Dean for Research and Development, School of Education
- 1993 **University of Wisconsin-Madison**
Professor and Department Chair, Kinesiology
- 1991 **University of Wisconsin-Madison**
Professor of Surgery, Division of Orthopedic Surgery
College of Medicine
- Professor, Department of Poultry Science
College of Agriculture and Life Sciences
- Professor, Department of Kinesiology
- Director, Biodynamics Laboratory
- 1988 **University of Wisconsin-Madison**
- Associate Professor, (tenured faculty) Kinesiology, School of Education
- Associate Professor, Poultry Science, College of Agriculture
- Associate Professor, Surgery, College of Medicine
- Director, Biodynamics Laboratory
- 1988 **University of California - Los Angeles**
Associate Professor (tenured faculty), Department of Physiological Science
- 1982 **University of California - Los Angeles**
Assistant Professor, Department of Physiological Science
- 1979-1982 **University of Iowa**
Research Fellow, Departments of Orthopaedics and Biochemistry
- 1973 **Phillips Exeter Academy**
Summer Program Assistant Athletic Trainer (football and basketball)
Exeter, New Hampshire

HONORS

2003	Vice Chair of the National Board Mickey Leland National Urban Air Toxic Research Center
2002	Governor's Appointment Texas Council on Environmental Technology
2002	Congressional Appointment to National Board Mickey Leland National Urban Air Toxic Research Center
2000	Manchester Central Hall of Fame, for education and scientific achievements, Manchester, NH
1998	Phi Beta Delta International Scholars Award, University of Houston,
1995	Distinguished Chair, Department of Biology and Biochemistry, University of Houston
1995	Outstanding Science Achievement Award COSMOS #2229, U.S.-Russian Space Program, NASA
1992	Outstanding Achievement Award for US-Russian Life Sciences Mission Cosmos-2044, NASA Headquarters, Washington, DC
1988	Elected member of National Research Council by the National Academy of Sciences Commission on Engineering and Technical Systems, Assignment to the Committee of Commercially Developed Space Facility for NASA, Washington, DC
1988	NASA - Soviet Life Science Delegate, Scientific Exchange for Cosmos 1887 and 2044, Moscow, Russia
1987	Distinguished Scientist, California State University-Long Beach, CA
1986	Faculty Academic Career Development Award, UCLA
1983	Elected Fellow, American College of Sports Medicine
1980-1982	Recipient of NIH National Research Service Award, University of Iowa, Orthopaedics
1979	NIH Institutional Research Award, University of Iowa, Orthopaedics
1977	NIH Graduate Trainee, University of Iowa, Exercise Physiology, Connective Tissue Physiology

1973	<i>Magna Cum laude</i> , University of New Hampshire
1972	Newman Scholar, University of New Hampshire
1972	Senior Key, University of New Hampshire
1969	Athletic Football Scholarship, University of New Hampshire

ADMINISTRATIVE EXPERIENCE

Present University of Houston System and University of Houston

Vice Chancellor of all five UH System Campuses and Vice President of the University of Houston Main Campus. Coordinate system wide extramural programs and create the foundation of a comprehensive health science center with a major academic teaching hospital, facilitate translational research in all disciplines, technology transfer, research policies and administrative procedures, legislative special items, some system budget oversight (\$200 million), create opportunities with industry and foundations, build partnerships with institutions and government, manage research compliance and self-studies, all copy rights, patents, all transfer agreements, all research agreements, incubator programs and licenses. Serve on local and national boards and provide institutional research and special programs reporting to the UHS Board of Regents. Build educational partnerships with community colleges and K-12 for science and engineering programs with national and local funding opportunities. Development of private and industry sponsorships for extramural programs. Strategic planning of external programs and relationships with medical institutions and other universities. Lead community efforts in workforce development with a special emphasis in biotechnology and energy. Creating consortia with industry and higher education. Institutional marketing of extramural programs and liaison with community leadership groups. Institutional Representative for Research Programs with Texas Medical Center. Executive Committee Chair of the University of Houston and Methodist Hospital Affiliation. Provide support for undergraduate research and summer programs. Work with the Board of Regents, Political Leaders, CEOs and Presidents of Higher Education and Directors of Non Profits and individual private sponsors. Fort Bend and Harris County Economic Development for Energy and Health Care

- 1997 Vice Provost for Research and Graduate Studies, University of Houston
Research: Sponsored programs, human subjects, Research Council, interdisciplinary research centers and institutes, research policies and ethics, institutional agreements, technology transfer, animal care, radiation safety, Texas Commission for Research, indirect costs, faculty start-up, research space and equipment.
Graduate Studies: Graduate and Professional Studies Council, all graduate affairs and programs, program and departmental reviews, student scholarships/fellowships, institutional liaison to state and federal governmental relations for research and graduate education
- 1994 **University of Wisconsin-Madison**
 Associate Dean for Research and Development, School of Education. Responsible for faculty development, graduate program development, scholarships and awards, research policies and human subjects review
- 1993 Member, trainee and discussion chair, University Administrative Development Program of Higher Education Administrative Leadership Program
- Member, Administrative Council, School of Education.
 Organized evaluation strategies, formulated research strategic plans and reports
- Member, Academic Planning Council, School of Education.
 Program reviews and proposals
- Department Chair, Kinesiology. All academic programs (undergraduate, graduate and professional studies) associated with Physical Therapy, Occupational Therapy and Kinesiology. Coordinated the integration of departments associated with the allied health professions merger
- 1991-1992 Graduate Studies Coordinator, Department of Kinesiology.
 All graduate programs and policies
- 1990 Undergraduate Studies Coordinator, Department of Kinesiology.
 All undergraduate programs
- 1989 Member, Board of Trustees, and Research Coordinator for Sports Medicine Program

- 1988-1994 Director of a University Regents Laboratory, the Biodynamics Laboratory (chartered, 1967). Program development and management that integrated ergonomics, molecular biology and biomechanics
- Program Project Director, "Connective Tissue Responses to Exercise in Man", sponsored by the Office of Naval Research
- 1982-1988 **University of California-Los Angeles**
 Director, Connective Tissue Research Laboratory. Departments of Physiological Science and Orthopedic Surgery

National Service

- 2003 Panel Member, American Association for the Advancement of Science, Research Competitiveness, Computational Science University of Vermont Review
- 2002 Executive Board Member, Research Partnership for Securing Energy for America, Chicago Illinois and Houston Texas
- 2002 Executive Committee Member, Southeast Biotechnology Park Coalition, Houston Texas
- 2002 National Board on Urban Air Toxic Research Center Mickey Leland Center Houston Texas
- 2001 Space Education Initiatives, Inc. Board of Directors, Green Bay, Wisconsin
- Board Member, Association of Western Universities
- Board Member, Southern Universities Research Association
- Panel Member and Chair, Kentucky NASA EPSCoR Program
- Committee Member for Costal Impact Initiative, Southern University Research Association, Washington DC
- Executive Committee University Gulfcoast Consortium, Houston Texas
- 2000 Member, American Association for the Advancement of Science, Panel for Research Competitiveness
- 1999 Panel Member, American Association for the Advancement of Science. Advised on National Science Foundation Strategic Plan on National Computing and Infrastructure

- 1996 Elected Member of NASA Life and Microgravity Sciences Subcommittee, 1995 and 1996
- Chair, NASA EPSCoR Science Review Panel for State of Kentucky Project
- Member, NASA Task Force on Review of Medical Operations Associated with Long Duration Space Flight
- 1995 Study Section Chair, NASA-NSF EPSCoR Program Review State of Kentucky, Lexington, KY
- Study Section Member, NIH Small Business Innovative Research Program
- Study Section Member, NIH Small Business Innovative Research Program
- External Reviewer, Veterans Administration-Grants Science Merit Reviews, Livermore, CA
- Member, Science Panel for Peer Review System for US-MIR Research Proposals, NASA, Cape Canaveral, FL
- 1994 Elected Member, Advisory Board, New Hampshire Musculoskeletal Institute, Manchester, NH
- Elected Member, NASA Life Sciences Advisory Subcommittee, Washington, DC
- Member, NASA Committee on Centrifuge Project Review Committee on Space Station, Washington, DC
- External Reviewer, American Heart Association
- Study Section Chairman, American Institute for the Biological Sciences on Space Biology, Washington, DC
- 1993 Member, Life Sciences Advisory Subcommittee, NASA, Washington, DC
- Study Section Member and Chair, Space Biology for the American Institute for the Biological Sciences, Washington, DC

Member, Science Advisory Panel for MIR US-Russian Space Life Sciences Program, Washington, DC

Member, Science Review Panel for State of Kentucky, Space Science Program, Louisville, KY

External Reviewer, American Heart Association National Program

Member, Science Review Panel, Program Review of the Exercise Counter-Measure Program, Extended Duration Orbiter, Johnson Space Center, Houston, TX

1992 Abstract Reviewer, American College of Sports Medicine

Panel Member, National Institutes of Health , NIADDK (International Program) Workshop on Exercise and Midlife, Barcelona, Spain

Regular Study Section Member, NASA Space Biology Program, American Institute for the Biological Sciences, Washington, DC

External Reviewer, Canadian Arthritis Foundation, Toronto, Ontario, Canada

External Reviewer, Canadian Medical Research Council, Vancouver, British Columbia, Canada

External Reviewer, Exercise Countermeasure Study Section, NASA, American Institute for the Biological Sciences, Washington, DC

1991 Ad hoc reviewer, National Science, Education and Research Council, Toronto, Ontario, Canada

Member, Countermeasures review panel for Johnson Space Center, Life Sciences, Houston, TX

Member, NASA-Ames Research Review Group on Musculoskeletal Biomedical Progress, Moffett Field, CA

External Reviewer, American Institute of Space Biology NASA review for musculoskeletal grants, Washington, DC

Member, External Review Panel, National Canadian Arthritis Foundation, Toronto, Ontario, Canada

Member, Musculoskeletal Discipline Working Group, Biomedicine Branch, NASA Headquarters, Washington, DC

Participant, NASA Workshop on the Organization of the National University Consortium for Student Fellowships and Training Grants, Johnson Space Center, Houston, TX

Member, National Institutes of Health Science Advisory Panel on Research and Training in Rehabilitative Medicine, Washington, DC

Abstract reviewer, American College of Sports Medicine National Meeting, Orlando, FL

1990 Ad hoc Reviewer, National Research Council for Post Doctoral Fellowship Programs, NASA, Washington, DC

Committee Member, NASA Workshop for the Development of a National Life Science Data Base and Archival System, Washington, DC

Ad hoc reviewer, National Science Foundation Physiological Processes Study Section Washington DC

Member, Gordon Conference Planning Committee, 1992 Conference on Microgravity Sciences in Space Biology, Washington DC

Reviewer, Johnson Space Center Special Review for Exercise Science Plan and Extended Duration Orbiter, Houston, Texas

Participant, NASA-Ames Musculoskeletal Program Review Workshop, Moffet Field, CA

Member, NASA Musculoskeletal Work Discipline Group, Washington, DC

Special Reviewer, National Science Foundation, Washington, DC

1989 Member, National Institutes of Health Working Group (NIADDK), Musculoskeletal Soft Tissue Inflammation, Bethesda, MD

Special Reviewer, Binational Science Foundation, Israel-USA, 1988 and 1989

Special Reviewer, National Sciences and Engineering Research
Council of Canada

Special Reviewer, Medical Research Council of Canada

Elected Member of National Research Council and appointed to the
Subcommittee for Commercial Developed Space Facility Free Flyer
for Life Science Microgravity Research, National Academy of Sciences,
Washington, DC

1987 Special Reviewer, Canadian National Arthritis Institute

1986 Special Reviewer, Life Science Program, NASA, Washington, DC

Special Reviewer, National Institutes of Health (NIADDK),
Washington, DC, 1982, 1985, 1986

JOURNAL REVIEWS

1982-2004 Reviewed for the following journals:

Cell and Tissue Research
Connective Tissue Research
Medicine Science Sports and Exercise
Journal of Applied Physiology
Journal of Bone and Joint Surgery
Journal of Orthopaedic Research
Pflugers Archives
Journal Biomechanical Engineering
Comparative Biochemistry and Physiology
American Journal of Physiology:
Integrative and Regulatory Physiology
Mechanisms of Aging and Development
Journal of Gerontology
Aviation and Environmental Medicine
Acta Medica Scandinavia
Scandinavian Journal of Applied Physiology
International Journal of Sports Medicine
Journal of Cellular Physiology
Acta Anatomica
American Journal of Sports Medicine
International Journal of Sports Biomechanics

Journal of Biological Chemistry
 American Journal of Clinical Sports Medicine
 Journal of Zoology
 Journal of Biomedical Engineering
 Life Sciences Journal
 Biophysical Journal

EXTERNAL REVIEWER FOR UNIVERSITY FACULTY PROMOTIONS

University of California, San Diego

- 1994 Promotion Review (Associate Professor) Department of Orthopedics
- 1993 Promotion Review (Full Professor) Department of Orthopaedics
- 1992 Promotion Review (Professor) Department of Orthopaedic Surgery
- 1985 Promotion Review (Associate Professor) Department of Surgery,
Division of Orthopaedics,

University of Wisconsin-Madison

- 1994 Promotion Review (Associate Professor) Department of Veterinary
Surgical Sciences
- 1993 Promotion Review (Associate Professor) Department of Surgery
- Promotion Review (Associate Clinical Professor) Department of
Surgery
- Promotion Review (Professor) for Department of Anatomy, School
of Medicine
- 1992 Promotion Review (Associate Professor) Department of Surgery
- 1989 Promotion Review (Associate Professor) Divisional Biological
Sciences, Special Review, (ad hoc)

University of Alabama

- 1993 Promotion Review (Full Professor) School of Education

University of Wyoming

- 1991 Promotion Review (Professor) Department of Physical Education

University of California - Los Angeles

- 2001 Promotion Review (Full Professor) Division of Life Sciences,
Department of Physiological Science
- 1991 Dean Review for Division of Life Sciences
- Promotion Review (Professor) Brain Research Institute

University of Wyoming

1991 Promotion Review (Associate Professor) Department of Animal
 Sciences

University of Alberta, Edmonton, Canada

1990 Promotion Review (Associate Professor) Department of Physical
 Therapy and Health Sciences

Southwest Texas State University

1988 Promotion Review (Associate Professor) Department of
 Physical Education

University of New Hampshire

1986 Promotion Review (Professor) School of Health Studies

STATEWIDE SERVICE

2005 Executive Committee Member for the Alliance for Nano Health

2003 Executive Committee for the Gulf Coast Research Consortium.

2002 Appointed to the Governor's Council - Texas Council on Environmental
 Technology

2002 Houston Area Gigapop Board Member on Information Technology

2001 Texas Research University Forum

 Texas Gulf Coast Research Consortium

1995-2001 Texas Research University for Research Administration

1995-2001 Texas Space Grant Consortium

1995-1997 Texas Council on Graduate Education

1995-2001 Texas Coordination Board Research Administrative Advisory Panel

UNIVERSITY COUNCILS AND COMMITTEES

University of Houston System/University of Houston

Chairman of Executive Committee of University of Houston System and
Methodist Hospital Affiliation at the Texas Medical Center

Council of Presidents and Vice Chancellors

President's Council

University Committee for Facilities and Planning

Departmental Representative to the Committee on Non-Mammalian Use

Organizer of Departmental Program Project, "Instrument Program
Grant, Sponsored by Department of Defense"

Organized Departmental Symposium, "Aging and Exercise"

Departmental Representative to Planning Committee for the UCLA
Sports Medicine Center

UCLA Stress Fracture Study, Board Member

CONSULTING SERVICES

Industry/Business

1991	Marion-Merrill Dow, Inc. Kansas City, MO
	Genentec Corporation, San Francisco, CA
	Westover Consultants, Washington, DC
1990	KRUG International, Houston Texas
	Lockheed Corporation, Houston Texas
	Genentec Corporation, San Francisco, CA
1989	Consultant for Waters Associates, Millipore Corporation, Milford, MA
	Genentec Corporation, San Francisco, CA
1988	LUNAR Corporation, Madison, WI
	Zetachron Corporation, State College, PA
1987	Somax Corporation, San Rafael, CA
1980	Cardiac Pacemakers (Fibrotic Tissue Control), St. Paul, MN

Hospitals/Clinics/Health Care

2005	Executive Committee Chair of Methodist Hospital and University of Houston Affiliation
1991	Mayo Clinic, Department of Anesthesiology, Rochester, MN
	Manchester Sports Medicine Clinic, Manchester, NH
	Fitness Network, Manchester, NH
	Hines VA Hospital, Hines, IL
	Biological Imaging, Madison, WI
	Applied Physiological Associates, Madison, WI

1984-1986 Coutts Institute for Joint Reconstruction and Research,
San Diego, CA

Associations/Government Agencies

1995-2005 Oak Ridge Labs, Pacific Northwest Labs, SURA and Fermi Labs

1995-96 University Space Research Association, Houston, TX

1993 University Space Research Association, Houston, TX

1991 University Space Research Association, Houston, TX

1987 NASA-Ames Space Center Biomedical Research Division, Moffet Field,
CA

1986 Naval Health and Research Center, (Exercise Induced Tibial Stress
Fractures), San Diego Naval Base, San Diego, CA

Universities

1991 Center for Cell Research, Pennsylvania State University,
University Park, PA

1988 Pennsylvania State University Space Center, Center for Cell Research,
University Park, PA

1988 Gerontology Institute, University of Wisconsin-Madison, Madison, WI

TEACHING EXPERIENCE

University of California-Los Angeles

Courses Instructed

Basic Concepts Associated with the Adaptive Process of Mineralized
Tissues (K112), Upper Division Undergraduate course, 20 Students
The Physiology of Connective Tissues (K290), Graduate course, 15
Students

Adaptation of Structural Proteins to Mechanical Stresses (K206),
Graduate course, 10 Students

Human Physiology (K101), Lower Division Undergraduate Course, 350 Students, also course coordinator

Student Advising

Ph.D. Advisor (7 students)

Principal Advisor for 20 undergraduate independent projects

Ph.D. Thesis Committee member (14 students)

Ph.D. Extra-Departmental Committee member (6 students, Biology Department)

Master Thesis Committee member (18 students)

Ph.D. Comprehensive Exam Committee member (15 students)

Masters Comprehensive Exam Committee member (18 students)

Principal Advisor for Master's Degree candidates (10 students)

Principal Advisor for 11 Undergraduate Honors Students

University of Wisconsin-Madison

Courses Instructed

Biology of Exercise 742-614

Biodynamics Seminar Series 742-990

Instructional Programs

Advisor to Pre-Doctoral Training Grant for Minorities in Space Biology, 1988-1990.

Advisor to Undergraduate Exchange Program with Chicago State University (Melvin McFarland) in Biodynamics and Biology, 1990.

Supervisor of Biodynamics Laboratory High School Exchange Summer Program for Minority Students (Biodynamics Lab Staff), 1990-1992.

School of Education Coordinator for Biodiversity and Environmental Studies for Minority Students

Post Doctoral Training Programs

Dr. Thomas P. Martin, 1982-85, Department of Kinesiology, University of California. He is an Assistant Professor in Departments of Physiology and Physiotherapy, University of Alberta. He recently received the Heritage Foundation Fellowship.

Research Fellow Department of Surgery Dr. John Aygot Denmark working with Connective Tissue Alterations in Prostate Hypertrophy, University of Wisconsin, 1990.

Visiting Scientist, Dr. Petrit Begoli, Department of Orthopaedic Surgery, University of Prishtina, Yugoslavia, 1991-1992.

Research Scientist, Dr. Eli Gendloff, Department of Kinesiology, University of Wisconsin-Madison, 1992-1994.

University of Houston

Courses Instructed

Special Topics in Molecular and Cellular Biology, 6001

Instructional Programs

NSF- Lewis Stokes Allied Minority Undergraduate Program for Math, Science, Technology and Engineering

Principal Thesis Advisor

James Matsuda, M.S. Physiological Science
Lisa Lewis, M.S. Physiological Science
Daniel Martinez, M.S. Physiological Science
Naomi Kimura, M.S. Physiological Science
Madeline Murguia, M.S. Physiological Science
Mercedes Russell, M.S. Physiological Science
Sandra Curwin, Ph.D. Physiological Science
Greg Rebella, M.S. Biodynamics
Tiffany Rench, M.S. Biodynamics

Cheryl Railing, M.S. Biodynamics
 Valerie Choy, M.S. Biodynamics
 Laura Liedtke, M.S. Biodynamics
 Judith Bautch, Ph.D. Biodynamics
 John McCarthy Ph.D. Biodynamics
 Polly Hansen Ph.D. Biodynamics
 Patty Griffith M.S. Biodynamics
 Kathy McCormick Ph.D. Biodynamics
 Luc Gosselin Ph.D. Biodynamics
 Daniel Martinez Ph.D. Biodynamics
 David Guhl, M.S. Biodynamics
 Jane Daun, M.S. Biodynamics

Principal Investigator of National Grants Funded

- 2001-2002 NASA, Principal Investigator, "Texas Learning and Computational Center", \$3,600,000
- 2001-2002 NASA, Principal Investigator, "Urinary Markers of Collagen Metabolism in Primates During 2G" \$125,000
- 1999-2002 NASA, Co-Principal Investigator, "Healing Responses of Knee Ligaments of Rodents During Limb Unweighting" \$799,914
- 1998-2002 NASA, Principal Investigator, "UH-NASA Incubator for Technology Development" \$1,156,786

1996-1998	NASA, Principal Investigator, BION-11 and BION-12 "Markers of Connective Tissue Metabolism During Space Flight" \$209,000
1993-1994	Navy, Principal Investigator, "Connective Tissue Degradation on Eccentric Training", \$40,000
1993-1994	NASA, Principal Investigator, "Space Life Sciences-2 Mission on Bone Growth and Development", \$60,000
1992-1997	NASA, Principal Investigator, "Markers of Connective Tissue Metabolism in Primates", \$250,000
1991-1992	Department of Defense, Principal Investigator, "Markers of Musculoskeletal Degradation During Exercise Training in Heat Stress", \$95,000
1991-1994	NASA, Principal Investigator, "Soft Dense Fibrous Connective Tissue Transitions During Hindlimb Unweighting" \$300,000
1991-1994	NASA, Principal Investigator, "Bone Metabolism During Weightlessness", \$240,000
1990-1991	U.S. Olympic Committee Student Fellowship Program, Principal Investigator, \$15,000
1989-1990	NASA, Principal Investigator, "Pre-doctoral Minority Training Grant" \$56,000
1990-1991	National Arthritis Foundation, Principal Investigator, "Exercise Effects on Cartilage Degradation" \$10,000
1988-1990	NASA, Principal Investigator, "Preliminary Studies for Determining Collagen Secretion and Maturation During Recovery from Microgravity" \$36,000
1989-1991	NASA, Principal Investigator, "14 Day Spaceflight, Connective Tissue Structure and Function" \$80,000
1989-1991	NASA, Principal Investigator, "Soft Dense Fibrous Connective Tissue Response, Supplement", \$122,000
1988-1991	Department of the Navy, Program Project Director and Principal Investigator, "Etiology of Tibial Stress Fractures Associated With Strenuous Exercise", \$210,000

1987-1991	NASA, Principal Investigator, "Soft Dense Fibrous Connective Tissue Adaptation to Prolonged Suspension", \$195,864
1987-1988	NASA, Principal Investigator, "Connective Tissue Studies in Rats Exposed to 14 Days of Space Flight, Cosmos Mission", \$35,000
1987-1988	NASA, Principal Investigator, "Cosmos Pilot Studies on Ground Base Control Animals", \$5,000
1986-1987	NASA, Principal Investigator, "Bone Growth and Maturation Studies in Rats Exposed to Short-Term Space Flight", \$10,000
1986-1987	Department of Defense Naval Research and Health Center, Principal Investigator, "Connective Tissue Degradation Markers in Plasma of Human Subjects Exposed to Severe Exercise Protocols for Naval Special Forces Training Program: A Possible Association to Tibial Stress Fractures", \$10,000
1984-1987	NASA, Principal Investigator, "Bone and Tendon Characteristics in Rats Exposed to Prolonged Hindlimb Suspension", \$189,000
1982-1986	NIH, Principal Investigator (subcontract), "Effects of Strenuous Exercise on Long Bone Growth", \$162,000

State Grant

1999-2003	State of Texas Special Item, Principal Investigator, "University of Houston Learning and Computation Center", \$8,400,000
-----------	---

STUDENT FELLOWSHIPS FUNDED

Undergraduate

1990	Principal Investigator, Minority Student Fellowship Co-op Program with Chicago State University and the University of Chicago, \$8,000
------	--

Graduate

1991-1992	Principal Investigator, U.S. Olympic Committee Graduate Student Fellowship, \$15,000
1990	Principal Investigator, U.S. Olympic Committee Graduate Fellowship Program, \$15,000
	Principal Investigator, National Arthritis Pre-doctoral Fellowship,

\$10,000

1987-1990.1 Principal Investigator, NASA Graduate Student Fellowship, \$51,000

Federal Support Projects Received

1999 Allied Minority Participation, National Science Foundation, Undergraduate Programs for Science, Math, Engineering and Technology, \$3,800,000/5yrs

2000 Environmental Protection Agency, Houston Ozone Modeling, \$2,000,000/2 yrs

Environmental Protection Agency, Environmental Modeling for the Gulf Coast Region, \$3,500,000/2yrs

2003 Department of Justice, Technology for Law Enforcement Vehicles \$1,000,000/2yrs

2004 Environmental Protection Agency, Texas Learning and Computation Center for Air Modeling: New Algorithms \$1,000,000/2yrs

2005 Southwest Center for Public Safety, National Institute of Justice \$3,000,000/2yrs

2005 Texas Gulfcoast Grid, EPA \$1,500,000/2yrs
